

Sample Children's Ministry Program Survey

We, in the children's ministry, want to make sure that you, the parents, are satisfied with the programs and ministry experiences your child receives here at _____. Because of that, we regularly evaluate our children's ministry programs. This evaluation is accomplished in many ways: from simple conversations with parents to in-depth surveys. No matter what we use to evaluate our ministry to your children, we always seek God's guidance first.

We are in the process of creating a new children's ministry program here at _____. It will be a summer program designed to enhance our yearlong ministry to children and families. This program will last just a few sessions, so it is important that it is created to be a fruitful, enjoyable experience for all who participate. This brief survey is designed to assist us in creating that program. Thank you for your help and prayers.
